Subject: Letter of Reference for Brandon Smith

Please accept this as a glowing letter of reference for Brandon. Brandon has been part of my team for the past two years and has show himself to be highly professional, a leader, and a most valuable asset to the business. I have received too many compliments to mention about his 'exceeding the standard' service. Brandon has also taught myself many things and has made me stronger in many areas.

I highly encourage you to consider Brandon. I simply can not say enough good things about him and I am confident he will become a strong and valued member to your workplace.

Sincerely,

Larry Moore
